UCONN
NEAG SCHOOL OF EDUCATION

INTEGRATED BACHELOR'S/MASTER'S PROGRAM
JUNIOR CLINIC EVALUATION REPORT
SPRING 2015

Context
This survey is part of the set of surveys administered at key transitions points in the IB/M program. This survey was administered to the clinic teachers of the 110 members of the spring 2015 IB/M cohort during the students' 1st semester of the program.

Survey Content
- Information about the clinic placement
- Professional characteristics
- General comments/feedback on the student's performance

Methodology
The survey was administered using Qualtrics, an online survey tool. An email invitation was distributed to the clinic teachers of all of the students participating in internships. The data collection period was April 22nd to May 6th, 2015 (2 weeks). A total of 110 surveys were completed (response rate = 110/110 = 100%). All references to individuals/placement sites have been omitted to maintain anonymity.

The data are used for two types of reports.
- **Individual-level report**. This report was distributed to the individual student, the clinic teacher, the seminar leader, and the faculty advisor.
- **Program-level report**. This report, which contains aggregate data, was delivered to the academic program.
    - Results are disaggregated across the 8 fields of interest within the report (Elementary, English/Language Arts, History/Social Studies, Mathematics, Music, Science, Special Education, and World Language).

Key Findings
- 39 out of 110 of the evaluations completed were for the elementary education program
- The average total score on the students' evaluations was 13.75 out of 20 points.
- Qualitative feedback indicated that the students were conscientious and enthusiastic in their clinics

For more information, please contact Jamison Judd, Interim Director of Assessment (jamison.judd@uconn.edu). This report is available online - http://assessment.education.uconn.edu/
